THE CITY DIRECTORY

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

HICKORY, N. C.

Introduction

Southern Directory Company, publishers of the Hickory city directory, takes pleasure in presenting the 1937-38 edition to the general public. The work embodies all available and vital data relating to the civic, commercial, financial, social and industrial interests and activities of the municipality, and the publishers add their assurance that the work is complete in all its parts.

The publishers enjoy the prestige and advantage of a complete organization and thorough system essential in the production of directories and the additional advantage of having the courteous co-operation of citizens in furnishing information. These factors, added to the liberal support of patrons as shown by the advertisements displayed upon the printed page, were vital to the success of the publication.

Confidence in the growth of Hickory, in its wealth, industry and population, as well as in the advancement of its municipal and social activities, will be created as sections of this directory is consulted, for, truly, the directory is a mirror reflecting Hickory to the world.

Your attention is invited to those names appearing in DISPLAY BLACK TYPE throughout the directory as they are the responsible, enterprising, advertising business men who take pride in sustaining the city directory and who have made this publication possible.

POPULATION

The estimated population of Hickory is 16,363, based on the number of individuals found by actual canvass at each residence. Territory immediately adjacent, which is part of the city, as far as business and social life are concerned, is included in the directory.

FOUR MAJOR DEPARTMENTS

The several essential departments are arranged in the following order.

THE MISCELLANEOUS DIRECTORY, containing valuable information concerning Local, State and National Governments, Churches, Schools, Colleges, Clubs, etc., included in pages 11 to 15.

THE ALPHABETICAL LIST OF NAMES of residents, business firms and corporations is included starting on page 101.

Section 28, Copyright Law

In Force July 7, 1909

That any person who wilfully and for profit shall infringe any copyright secured by this act, or who shall knowingly or wilfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding 1 year, or by a fine of not less than one hundred dollars nor more than one thousand dollars, or both, in the discretion of the court.

HICKORY, N. C.

Preface

LOCATION

Hickory is situated in the central western section of North Carolina on the Asheville Division of the Southern Railway, 80 miles East of Asheville and 60 miles Northwest of Charlotte. It is in the heart of what is termed the Piedmont Section of the State, situated at the foot of the Blue Ridge Mountains. The city is protected from extreme temperature in Winter and Summer by these peaks that rise thousands of feet in height. To the North, West and South extend the Blue Ridge range. Hickory enjoys a year-round climate that is unexcelled anywhere, free from the rigors of northern winters and the extreme heat of the summers further South. It is also protected from the storms of the middle western plains. This section offers to those seeking a change of location an ideal, evenly-balanced winter and summer climate. The average, annual temperature for the past ten years has been 60.2 degrees, with a record of more than 300 days of sunshine each year. The summer nights are cooled by the mountain breezes, the temperature frequently ranging 20 degrees lower than that of mid-day.

Hickory was first chartered as a town in 1870. This charter was amended in 1879, and in March 1913 the citizens by a large majority adopted what is known as the City Manager form of government, being the first city in North Carolina and one of the first in the United States to adopt this plan.

EDUCATION

Hickory has 10 graded schools which stand well toward the top of the list in North Carolina.

Lenoir Rhyne College, a Grade A Co-educational Institution of the Lutheran Church, is located in Hickory, with an enrollment of 400 young men and women from all over the United States. This institution, with an endowment of over $500,000 and with a highly trained faculty, affords an opportunity for the higher education of the youth of Hickory and the South at a remarkably low cost.

INDUSTRIES

More than $12,000,000 is invested in the 75 diversified manufacturing plants of Hickory and the valuation of the annual output is in excess of $50,000,000. Nearly one hundred separate articles are manufactured in these plants.

The products include auto seats and tops, auto parts, wooden boxes and box shooks, brass, bronze and iron castings, building

PREFACE (cont.)

material of all kinds, butter and creamery products, chairs, cotton mill supplies, wooden crates, office, church and theatre furniture, dining room suits, juvenile and kindergarten furniture, harness and leather, interior mill work, overalls, paper boxes and cartons, pumps, sash cords, wooden toys, general household furniture, wagons, shoe strings, pottery, tapestries.

The textile plants, hosiery, etc., of Hickory produce carpet yarns, cambrays, corduroys, corsets and dobby cloth, cotton yarns, curtain goods, moleskins, palm beach cloth and sateens.

Besides these many diversified products, there are 28 hosiery and knitting mills, with upward of 4,000 employees, with an annual output of 7,000,000 dozen pairs of hosiery.

Hickory is the largest cordage manufacturing center in the world, and 90 per cent of capital invested in these enterprises is furnished by Hickory investors.

TRADE AND COMMERCE

Hickory is the trading center for 50,000 people, living in Catawba, Caldwell, Burke and Alexander counties. The county population, which is 89.3 per cent native white, together with the high class of workers in the manufacturing plants in the city, offers an unusually attractive opportunity for the retail and wholesale merchant looking for a new location.

TRANSPORTATION

Hickory is served by the Southern Railway and the Carolina & North-Western Railway thus offering every facility for passenger and freight traffic. Eight passenger trains daily going direct to the larger Eastern and Western centers. Through freight service to and from the East and Midwest on a favorable rate basis makes Hickory an ideal location for the manufacturer, merchant or jobber.

UTILITIES

Hickory is very fortunate to be served by the hydro-electric and steam plants of the Duke Power Company. The combined power sources represent approximately 1,127,395 K. V. A.

Power for manufacturing purposes (textiles) is available as low as 1.2 cents per Kilowatt hour, with demand discounts as high as 40%, and other power rates as low as eight mills with fixed demand charges.

The residential lighting and cooking rate is 2.5 cents per Kilowatt hour above 50 Kilowatt hours, based on monthly consumption.

INTRODUCTION (continued from page 7)

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 329 to 346. This department lists the various manufacturing, mercantile and professional interests in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community.

THE STREET AND AVENUE GUIDE begins with page 347 In this section the names of the streets and avenues are arranged in alphabetical order; the residences and business houses are arranged numerically under the name of each street and avenue, and the names of householders, with the number of occupants, and business concerns are placed opposite the numbers.

MUNICIPAL PUBLICITY

The directory reflects the achievements and ambitions of the city, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site and as an educational center. To broadcast this information over the country, the publishers have placed copies of this issue of the directory in Directory Libraries, which are maintained in all the chief cities of the country. Here they are readily available for free public reference and serve as perpetual advertisements of Hickory for business men the country over realize that the city directory represents the community as it really is.

Names Appearing in Black Letters

IN THIS DIRECTORY are the names of those people who accomplish things and are entitled to favorable consideration, if for no other reason than their public spirited support of measures which make for progress. They represent the energy and push so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

PATRONIZE THEM!

PREFACE (Continued from page 10)

Hickory is also fortunate in having an abundant supply of artificial gas, which is manufactured by the Piedmont Gas Company, whose plant not only serves the city but several surrounding towns.

The gas rate in Hickory is among the lowest in North Carolina, thus making it practical for industrial plants requiring gas in their manufacturing operations to use it economically.

CONCLUSION

Hickory is a city of home owners, 75 per cent of the inhabitants owning their own property. This is due to the far-sighted and progressive policy of the Building and Loan Associations of the city, whose total assets run well over $2,000,000. It is a population with a "stake" in the community—home owning and home loving people.

The fact that the head of a large Eastern transportation system, following a survey of the Atlantic coast states, declared Hickory to be the best balanced city in America, is significant. Whether or not it is the "best balanced city in America," everyone familiar with its diversified industrial and agricultural development is in agreement that it is an ideal community in which to live and labor.

(Further information concerning Hickory and its facilities may be obtained by addressing the Hickory Community Council.)

GIVING NAMES OF HOUSEHOLDERS, THE NUMBER OF OCCUPANTS IN EACH HOUSE, AND DENOTING BUSINESS PLACES

VOL. VI 1937-1938 VOL. VI

NOTE—Streets are arranged in alphabetical order. All house numbers are arranged numerically following the description and location of each street, giving the name of householder. The number in parenthesis after name denotes number of occupants in each house.

Dash (—) before name denotes that number is wanting.

(◎)—Before name denotes home-owner.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.

LENOIR RHYNE COLLEGE

GENERAL INFORMATION

Lenoir Rhyne College was formally opened September 1, 1891. The beautiful and extensive campus was the gift of Capt. Walter Lenoir, in whose honor the College was named.

The following presidents have served the College: Dr. R. A. Yoder, 1891-1901; Dr. R. L. Fritz, 1901-1920; Dr. J. C. Peery, 1920-1925; Dr. P. E. Monroe, 1925-1926; Dr. H. B. Schaeffer, 1926-1934; P. E. Monroe, D. D., 1934-

Under the administration of President Schaeffer, the College was admitted to membership in the Southern Association of Colleges and Universities; the following buildings have been built: The Daniel Efird Rhyne Administration Building, the Mauney Hall (dormitory for girls), and the College Refectory; many other interests of the institution have been furthered and improved.

In 1923 the name of the College was changed to Lenoir Rhyne College in honor of Mr. D. E. Rhyne, who has given large sums toward the advancement of the College.

CAMPUS AND BUILDINGS

The campus consists of 37 acres in the City of Hickory. A splendid athletic field and tennis courts for men and women have been laid out. The campus proper has been landscaped and beautified.

There are seven buildings on the campus. Three new buildings have been erected in recent years.

LIBRARY

The College Library of 15,000 volumes provides adequate facilities for the student in reading, studying, and research. The books are classified and catalogued.

VARIOUS COLLEGE ACTIVITIES

Lenoir Rhyne has a Literary Society, National Honorary Journalistic and Dramatic Fraternities, Glee Club, Debating Teams, Playmakers, etc.

The students publish an annual, *Hacawa,* and a weekly newspaper, *The Lenoir Rhynean.*

RELIGIOUS ACTIVITIES

Lenoir Rhyne affords opportunity for participation in various religious activities. Chapel services are conducted daily; Church and Sunday School services are held every Sunday on the campus; The Luther League, Diakonian Club, Young Women's Missionary Society, and Y.W.C.A. are active.

ATHLETICS

The College engages in many forms of intercollegiate athletic contests.

Lenoir Rhyne College is a member, in good standing, of the Southern Association of Colleges and Secondary Schools, and conforms strictly to the regulations laid down by that body in regard to athletic activities. The College is also a member of the North Carolina Intercollegiate Conference and, as a member of this organization, enforces the eligibility rules as found in its constitution and by-laws.
